

Delivering the very latest in design and technology the Select XLS Glass Towel Heater with integrated controls is the ideal heating solution for any bathroom where a designer finish is required. Herschel Select XLS Glass Towel heater incorporates a touchscreen interface for simple thermostat control at the panel, and easy installation. Built in WiFi provides the option to control the heater from the convenience of the SmartLife App, you can even use voice control when used with Alexa or Google Assistant. Featuring Herschel's innovative dual-element technology, the Select XLS Glass Towel Heater with integrated controls combines highly efficient infrared heating of the bathroom with low energy towel warming.

Available in a pure white glass finish, combined with two chrome rails, or a striking black glass finish, with complementary black rails, this ultra slimline, low consumption (500W or 700W) electric heater comfortably heats the room using infrared technology, which also helps in the reduction of damp and condensation. The lower area provides effective drying and warming of towels. With a white or black powder-coated aluminium rear case incorporating Herschel's EASY-FIX mounting system, Select XLS panels are designed to be maintenance free and to last for years. With 5 year warranty. Select XLS is fully compliant with European energy saving regulation (Lot 20) with its built in thermostat. (Additional thermostats are not required for these models).

### Available Models

Model Number	Dimensions	Weight	Power	Heated Area*
XLS500TW-INT	48 x 120 cm	21 kg	500 W	4 - 9 m <sup>2</sup>
XLS700TW-INT	60 x 130 cm	22 kg	700 W	6 - 12 m <sup>2</sup>
XLS500TB-INT	48 x 120 cm	21 kg	500 W	4 - 9 m <sup>2</sup>
XLS700TB-INT	60 x 130 cm	22 kg	700 W	6 - 12 m <sup>2</sup>

\* The heated areas are an indicative guide only. The actual heated area will depend on the heat loss of the room which is influenced by many factors including construction type, external walls, window area and insulation levels. Always use the Herschel online calculator or contact your dealer or installer for an accurate specification.

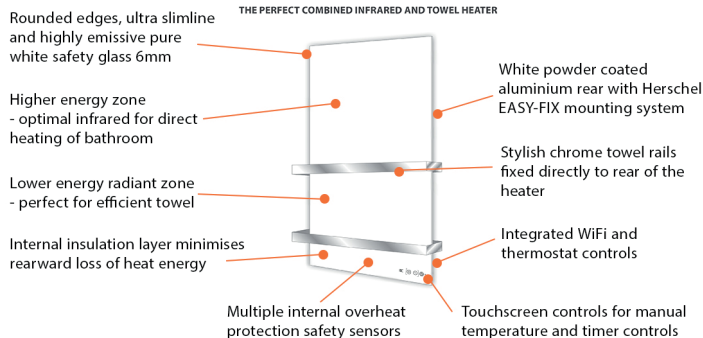

### Technical Details

Surface	ESG Safety Glass
Colour	White or Black
Rear Panel	Sheet steel, with Herschel Easy-Fix mounting system
Surface Temperature	95 - 105°C
Voltage	220 - 240V 50 Hz
Protection Class	IP44
Cable	1.8m
Installation	Wall-mounted only
Certificates	
Warranty	5 years

### DUAL HEATING TECHNOLOGY

THE PERFECT COMBINED INFRARED AND TOWEL HEATER

### Important

The Select XLS Towel Heater comes with one EASY-FIX mounting bracket. When installed, the front of the panel will extend a total of 15cm from the wall. The panel will radiate heat into the room and will perform best when mounted in a position free of any direct obstructions such as a sofa. The panel will need to be wired into the mains and this should be carried out by a suitably qualified electrician. Refer to installation instructions for full details.
